Minutes of the 1991 Business Meeting

The Business Meeting was called to order at 6:20 pm, October 18, 1991 by Stephen Watson.

1. The minutes of the 1990 meeting at Villanova University were approved.
2. David Crownfield was appointed Parliamentarian.
3. The Society expressed its gratitude to Tom Nenon, Robert Bernasconi, and Leonard Lawlor of Memphis State University for the local arrangements and for the financial support given to SPEP by Memphis State University for this meeting.

4. Sandra Bartky, on behalf of the Committee on the Status of Women, expressed the Committee's pleasure concerning the Society's progress in integrating women into its program and in expanding the content of the program to include more sessions dealing with issues of gender. She then introduced two items of business:

- A) A resolution sponsored jointly by the Committee on the Status of Women and by the Executive Committee was presented for consideration by the membership:

"Sexual harassment has been recognized as a serious violation of women's civil rights. Due to the pervasiveness of the behavior and the seriousness of the harm to women, it is important for professional organizations to take a strong position against sexual harassment. We at SPEP deplore and condemn sexual harassment in the name of the equality of all our members."

A motion was made and seconded that the resolution be accepted with unanimous support.

- B) The Committee on the Status of Women nominated Linda Alcott to fill the vacant position which was created by an expired term. The term of service for this position is three years. No other nominations were presented from the floor, and the nomination was unanimously accepted. The Society expressed its thanks to Linda Alcott for her willingness to serve in this position.

5. Co-Director Lenore Langsdorf presented the following statistical information for the membership: For the 1991 conference, 100 single papers were submitted, along with 24 panels which included a total of 67 papers. Seventy-one papers were accepted for presentation---36 single papers and 10 panels (25 papers). This represents an acceptance rate of 42.51%. Twenty-eight single papers and 20 panel papers were submitted by women. There were 41 women among the 160 participants on the program.

6. Co-Director Stephen Watson reported that there is about \$18,000 in the SPEP treasury.

7. Stephen Watson presented a proposed Constitution for consideration by the membership and explained that while from the outset the Society has had a board of officers and governing procedures, these have not to date been codified. This Constitution, which describes current governing procedures, is presented at this time in order to establish an official guide for day to day operations and to inform interested persons about the nature of the Society.

Having consulted with the Parliamentarian, the following procedure was proposed: The membership would consider the Constitution article by article, proposing changes as deemed necessary. After having examined it article by article, a general discussion regarding the adoption of the whole Constitution would be held.

Accordingly, Lenore Langsdorf moved that the Constitution be adopted, and the issue was opened for discussion. After an article by article examination a general discussion regarding the adoption of the whole Constitution ensued. A voice vote followed the discussion, and the constitution was adopted. The Parliamentarian moved that current operating procedures be considered as in effect under this constitution. This motion passed.

(The complete minutes, including all proposed alteration and motions, are available on request.)

Article IV Amendments

This constitution may be amended by a two-thirds majority vote of members attending any regular meeting, provided that the text of the proposed amendment has been sent to each member at least thirty days before the regular meeting.

Accepted by Members of the Society at the Annual Business Meeting,
October 18, 1991

8. The membership received invitations for the 1992, 1993, and 1994 meetings of the Society.
 - A) The Society accepted the formal invitation presented by George Psathas, speaking on behalf of Boston University, and David Rasmussen, speaking on behalf of Boston College, to hold its 1992 meeting in Boston.
 - B) The membership authorized the Executive Committee to accept the invitation of Seattle University, presented by Jim Risser, to host the 1993 meeting.
 - C) The membership authorized the Executive Committee to accept the invitation of Loyola University, New Orleans, presented by Patrick Bourgeois, to host the 1994 meeting.

9. Stephen Watson noted that the Society has had several inquiries regarding the establishment of a dues category for Emeritus members. A motion was made and seconded that the Emeritus rate should be the same as the student rate of \$5.00. The motion passed.

10. Elections: Since Dennis Schmidt's term on the Executive Committee has been completed, Jack Caputo presented the Executive Committee's nomination of Merold Westphal (Fordham University) and John McCumber (Northwestern University) for the open position. The voting (by paper ballot) resulted in the election of Merold Westphal. Both candidates were thanked for graciously accepting the Executive Committee's nomination.

11. General correspondence concerning Society business should now be directed to Lenore Langsdorf, Department of Speech Communication, Southern Illinois University, Carbondale, IL 62901.

12. The floor was opened to new business and announcements.

- A) Lester Embree announced that the Memorial Fund in memory of Ed Ballard had accumulated \$12,000. The goal is \$20,000, so that a \$1000 book prize could be offered annually. Any inquiries or contributions should be directed to Lester Embree at Florida Atlantic University.
- B) Anna-Teresa Tymieniecka announced the dates and locations of several conferences on phenomenological themes in 1992: April 9-11, Massachusetts; May 30-31, Greece; June 15-20, Luxembourg; August 16-17, Seoul.
- C) Jack Caputo noted the difficulty of evaluating submissions on the basis of abstracts. He encouraged members to submit completed papers whenever possible.
- D) Merold Westphal encouraged members to submit papers to all APA divisions, and especially to the Central Division, in order to strengthen the contributions of continental philosophy.
- E) Henry Pietersma raised for discussion the appropriateness of the Society's tradition of reserving the right of first refusal on papers presented at the annual conference. After a brief discussion a motion to table the issue was made and seconded. The proviso was added that the issue be placed on the 1992 business meeting agenda. The motion passed.
- F) In closing, Stephen Watson offered the Society's thanks to Dennis Schmidt for serving on the Executive Committee for the last three years. In addition, Watson offered Schmidt the Society's best wishes for a speedy recovery from the illness which prevented him from attending this year's meeting.

The meeting was adjourned at 7:55 pm.
